Partnerships Toward Progress: Creating the Nurse of the Future

The 33rd Annual Professional Nurse Educator Group (PNEG) Conference

The Wyndham Burlington ~ Burlington, VT
October 26 ~ 29, 2006

Dartmouth-Hitchcock Medical Center

www.dhmc.org/goto/pneg
Welcome to the 33rd Annual Professional Nurse Educator Group (PNEG) Conference! This year the conference, **Partnerships Toward Progress: Creating the Nurse of the Future**, will be held on Thursday, October 26 to Sunday, October 29, 2006 at the Wyndham Burlington in Burlington, Vermont.

The planning committee is delighted to be able to sponsor this conference in the Northeast region of the United States. We trust you will enjoy the serene beauty of a New England autumn and that you will discover a restful and relaxing setting to enhance the quality of this teaching and learning environment.

**LETTER FROM THE PLANNING COMMITTEE**

Supporting excellence through use of best practices continues to remain the overarching goal of the conference. The theme and workshop focus of this year’s conference is to highlight the changing role of the nurse in continuing education, in practice, and in academia as we seek to appropriately respond to the powerful forces occurring in the health care delivery system today. The worsening workforce shortage, the limitations of nursing education (faculty shortage and limited clinical placements), growing concerns related to access to healthcare services, and the call to improve the quality and safety of healthcare are all placing demands on the nurse - demands that cross the spectrum of nursing care.

Nurses in continuing education, staff development and faculty in schools of nursing are currently involved in the creation of exciting collaboratives and initiatives to respond to these critical needs. The development of realistic partnerships that strengthen commitment, relationships and communication between nurses in practice and education settings are the foundation for the future of nursing. Solutions can only be achieved through a multi-stakeholder approach in education, healthcare delivery systems, workforce development and public policy. No one stakeholder can address the issues alone.

We are offering a variety of pre-conferences to support the theme of the conference. Nurses new to continuing education and staff development will find CE 101 helpful and practical. Leading in the 21st Century will address the melding of policy, workforce and patient satisfaction, and successful clinical outcomes in a practice. The use of nursing process and evidence-based practice will stimulate a renewed approach for nurses. Application of human patient simulation, used to enhance nursing practice in a novice to expert continuum, will provide ways to enhance clinical practice.

We have brought together national, regional and local leaders in the development of creative and exciting examples of these activities. You will enjoy the many opportunities to network with colleagues in staff development and continuing education and educators in schools of nursing. Please join us in learning, sharing, and experiencing the progress our profession is making in creating the preferred future of nursing.

The Planning Committee
CONFERENCE OVERVIEW

CONFERENCE HISTORY

This conference was initiated 33 years ago by a group of educators in continuing nursing education. The purpose of the conference was to strengthen nurse educators’ roles by offering opportunities for learning, sharing, and networking. Over time, the sponsorship for this conference has changed. Initially offered through the American Nurses’ Association, the focus of the conference was on issues related to continuing education and staff development. The conference is currently organized by a group of continuing education and academic educators known as the Professional Nurse Educator Group (PNEG). Colleges, universities, and medical centers throughout the United States serve as conference sponsors. In order to enhance opportunities for nurse educators from different geographic areas to attend in their region, the conference is offered in different locations throughout the country. It continues to serve as a prominent vehicle for professional nurse educators in academic, entrepreneurial, continuing education and staff development positions.

CONFERENCE OBJECTIVES

At the conclusion of this conference, the participants will be able to:

- Identify critical issues facing nurse educators in the healthcare environment.
- Describe opportunities and approaches that colleagues have developed to manage current challenges.
- Identify future changes and challenges in the workforce environment.

ABOUT BURLINGTON

Located on the eastern shore of picturesque Lake Champlain between the Adirondack and Green Mountains, Burlington is consistently chosen as one of the most liveable cities in the United States. The city is home to approximately 40,000 residents, while the greater area includes a population of 132,000. Founded in 1791, the University of Vermont allows the city to maintain a youthful atmosphere with cultural and social events at the core. A not-to-be missed highlight is Church Street, a pedestrian-only avenue lined with shops and restaurants (and will feature a Halloween parade and festival on Saturday, October 28).

VERMONT POINTS OF INTEREST

SHELBURNES FARMS
Shelburne Farms is a 1,400-acre working farm, nonprofit environmental organization and National Historic Landmark located along the shores of Lake Champlain in Shelburne, VT. The farm welcomes visitors to explore its walking trails, milk a cow in the Children’s Farmyard, see its farmhouse cheddar cheese being made or tour the historic landscape and buildings. Tours are available mid-May through mid-October. The Welcome Center and Farm Store, open year-round, features a slide presentation and farm products including Shelburne Farms farmhouse cheddar cheese.

www.shelburnefarms.org

SHEL BURNE MUSE UM
The Shelburne Museum showcases one of the country’s finest collections of Americana, including decoys, dolls, furniture, horse-drawn carriages, paintings, tools, toys, trade signs, quilts, and weathervanes. Other exhibits include a log cabin, lighthouse, steam locomotive, operating vintage carousel, covered bridge, the restored 220-foot steamboat Ticonderoga (which turns 100 this year!) and art galleries featuring 20th Century Impressionist masters. Don’t miss the special Georgia O’Keefe exhibit on display until October 31st.

THE VERMONT TEDDY BEAR COMPANY
One of the top-rated stores on the Internet, The Vermont Teddy Bear Company has been creating the “Best Bears in the Universe” for over 20 years. You can tour their factory in Shelburne, VT seven days a week from 9:30 a.m. to 5:00 p.m.

http://vtbear.stores.yahoo.net/index.html

BEN & JERRY’S ICE CREAM FACTORY
What more needs to be said? Nestled in the heart of the Green Mountains, Ben & Jerry’s Ice Cream Factory is a must-see on your Vermont to-do list. From free ice cream samples to a tour through the “Flavor Graveyard”, you can get a first-hand look at where one of the world’s most famous ice cream brands is created.

www.benjerry.com

CABOT CREAMERY
Home of the “World’s Best Cheddar”, the Cabot Cheese Visitor’s Center is located in Cabot Village, VT where you can go on a tour of their factory and watch the cheesemakers at work. If you can’t make it to the Visitor’s Center, you can stop by the Cabot Annex Store in Waterbury, VT (located between Ben & Jerry’s Ice Cream Factory and the Cold Hollow Cider Mill). In addition to sampling Cabot’s world famous cheese, you can browse their extensive collection of wines and micro-brewed beers. You will also find the Lake Champlain Chocolates, Green Mountain Coffee Roasters and Vermont Teddy Bear retail outlets at the Waterbury location!

www.cabotcheese.com

THE VERMONT COUNTRY STORE
Since 1946, The Vermont Country Store has been the place to get hard-to-find goods and practical products. Where else can you buy a wedge of aged cheddar cut from a 38-pound wheel, a long-lost apothecary brand you remember and trust, new red longjohns, a real, heavy-weight cast iron skillet—then fill a bag full of your old favorites at the candy counter? Located in Weston, VT (a “new” store is located in Rockingham), the store and entire village is on the National Registry of Historic Places. Open 7 days, 9:00am-5:30pm.

LAURA CARAMANICA, PhD, RN is Vice President for Nursing at Hartford Hospital in Hartford, Connecticut. Dr. Caramanica is on the 2006 Board of Directors for the American Organization of Nurse Executives (AONE) for Region 1. She will discuss the work of the nurse in the future, a patient care delivery model developed by AONE.

PATRICIA EBRIGHT, DNS, CNS, RN is Associate Professor at the Indiana University School of Nursing. Her research focus is on the complexity of registered nurse work in acute care settings. She also has studied factors that characterize errors and near-misses by novice nurses. The overarching goal of her research is to identify links between complexity and care delivery systems and enhancing patient safety. She was a member of the first Patient Safety Leadership Fellowship class sponsored by the National Patient Safety foundation and collaborates with Clarian Health Partners, Indianapolis on their patient safety program.

DAVID McCAULEY, MA is Deputy Chancellor of the Massachusetts Board of Higher Education. At the Board of Higher Education, he is the Director of the Public Higher Education Initiative in Nursing and Allied Health Education, Director of the STEM (Science, Technology, Engineering and Mathematics) Pipeline Project and he coordinates activities and programs on public higher education and workforce development.

KATHLEEN POTEMPA, DNSC, RN, FAAN is Vice President and Dean of the Oregon Health Science University School of Nursing. Dr. Potempa came to Oregon as Dean in 1996 from the University of Illinois at Chicago where she served in faculty, Associate Dean and Interim Dean positions. Her research and practice areas include chronic care management of people with cardiovascular disease. Dr. Potempa has served as President of the Oregon Nursing Leadership Council. The Council has been intensively working for over two years to develop an education plan to meet its strategic goals of doubling enrollment in Oregon nursing programs by 2006 and redesigning nursing education to more directly meet the changing health care needs of Oregonians.

DIANE SKIBA, PhD, FAANI is Professor and Health Care Informatics Option Coordinator at the University of Colorado at Denver and Health Care Sciences Center. Dr. Skiba has taught nurses in the field of nursing informatics since 1982. She is currently funded by a grant to prepare nurses in the field of informatics; an online Master’s degree program. Since 1997 Diane and colleagues have been conducting research on benchmarks for web-based education in nursing. Dr. Skiba will speak on the Impact of Informatics in Nursing in the Future.

MAUREEN FARLEY SROCZYNSKI, MS, RN is President/CEO of Farley Associates, Inc., a management consulting firm focused on moving organizations toward more positive work environments. She is past president of the Massachusetts Organization of Nurse Executives and is a founding member and Treasurer of the Massachusetts Center for Nursing. Maureen is involved in a number of activities both at the state and national level to improve the future of professional nursing.

CHRISTOPHER WILEY, MD is Associate Professor of Anesthesiology at Dartmouth Medical School and Attending Anesthesiologist at Dartmouth-Hitchcock Medical Center in Lebanon, New Hampshire. Dr. Wiley developed an interest in nanotechnology over 25 years ago and served a Senior Associate at the Foresight Institute in Palo Alto, CA. For the past several years, he has been lecturing throughout the country on nanotechnology and its implications for the future of medicine.

CE 101: Planning and Achieving Best Practices
Suppose you are asked to provide a one-day program for nursing contact hours - would you know where to begin? How far out to start planning? How to market and finance the program? What about outcomes and ethical issues?
Here is an opportunity to learn from a group of seasoned CE providers. Find out what's essential in the process and where you can take some “shortcuts” without sacrificing the quality of your event. A balance between theory and practical experience will help you be educationally successful and economically sound.

FACULTY:
DOROTHY BELL, MS, RN, BC
Nursing Education Specialist, Mayo Continuing Nursing Education, Assistant Professor of Nursing, Mayo Clinic College of Medicine, Rochester, MN
IRENE BISE, MS, MSN, RN
Director, Continuing Nursing Education, Dartmouth-Hitchcock Medical Center, Lebanon, NH

8:30 a.m. - 12:30 p.m.
Nurses of the 21st Century: Leading, Caring and Improving at the Frontline as Full Partners
This half day workshop will engage nurses, working as faculty in school of nursing and educators in the clinical environments, in understanding the background of clinical microsystems. More importantly, the practice application of tools and methods can transform and improve the vitality of places where patients, families and care teams meet to achieve quality care.

FACULTY:
MARGERY GODFREY, MS, RN
Director, Clinical Microsystem Resource Group, Center for Evaluative Clinical Sciences, Dartmouth Medical School, Hanover, NH. Ms. Godfrey also serves as the Associate Director of Improvement with the Cystic Fibrosis Foundation and Improvement Leader with the Vermont/Oxford Network. She is co-author of Applied Methods for Improving Health Care: A Microsystems Approach.
CARYN SPIELMAN MCCOY, MSN, RN
Clinical Nurse Specialist, Intensive Care Nursery, Dartmouth-Hitchcock Medical Center, Lebanon, NH. She has been actively involved in microsystem and quality improvement initiatives, including the Vermont/Oxford Network.
JEAN TENHAKEN, MSN, RN
Nursing Director, Intermediate Cardiac Care Unit, Dartmouth-Hitchcock Medical Center, Lebanon, NH

12:30 p.m. - 4:30 p.m.
Teaching Nursing Process in Context of Evidence-Based Practice
Across the country, faculty struggle with how to teach nursing process in the context of evidence-based practice and the reality of today’s health care setting. Wedded to old rules and sacred cows, too many teach in ways that create “a disconnect” between what students are taught and what they experience in the clinical settings. Too much time is spent teaching approaches that we now know are irrelevant or just plain wrong (how often do problems fit neatly into a two-part statement?). ANA standards state that “the nursing process serves as a critical thinking model that promotes a competent level of nursing care, forms the foundation for decision-making, encompasses all significant actions nurses take, and underpins virtually all care models” (ANA, 2004, p. 4).

Not only must we teach nursing process, we must teach it in relevant ways that promote sound reasoning. You will leave
with practical tools and strategies designed to empower students to develop thinking habits that are key to using the nursing process as a tool for critical thinking both in practice and NCLEX.

**FACULTY:**

**ROSALINDA ALFARO-LEFEVRE, RN, MSN**
Known for making difficult content easy to understand and for her ability to give practical, sound solutions, Rosalinda has presented nationally and internationally. She is the author of *Applying Nursing Process: A Tool for Critical Thinking* and *Critical Thinking and Clinical Judgement: A Practical Approach*. A Sigma Theta Tau Best Pick and AJN Book of the Year Award recipient, she is the President of Teaching Smart/Learning Easy in Stuart, FL.

**ANCC WORKSHOP**

**Accreditation Workshop for Accredited Organizations**
This workshop will present the ANCC Accreditation Program criteria released in 2006 and an overview of the Accreditation process. Accreditation strengthens and sustains the quality and integrity of continuing nursing education. Accredited organizations promote high-quality nursing practices and provide an avenue for nurses to maintain professional competence.

- **Tuesday, October 24, 2006**
  - 12:30 p.m. - 5:00 p.m.
  - Wyndham Burlington Hotel, Burlington, VT

**Consumer Workshop for Non-Accredited Organizations**
This workshop offers strategies, tips and techniques to navigate through the ANCC accreditation application process. Come and learn about the benefits of being an ANCC accredited organization.

- **Wednesday, October 25, 2006**
  - 8:00 a.m. - 5:00 p.m.
  - Wyndham Burlington Hotel, Burlington, VT

HOTEL INFORMATION

The Wyndham Burlington is located on the shores of Lake Champlain in the heart of downtown and just 10 minutes from the Burlington International Airport.

A block of overnight rooms has been made for the evenings of October 25 - 28, 2006. A minimum of two nights stay is required for all Saturday reservations in October. Single or double occupancy is $129 per night plus 11% tax.

Overnight Room Reservation deadline: Rooms will be held until September 25, 2006. Thereafter, reservations will be taken on a space and rate availability basis. For additional information, including directions, please visit www.wyndhamburlington.com

CONFERENCE PARKING

Parking is available for overnight guests in the city of Burlington Parking Garage attached to the hotel. The standard garage fees are $5.00 per day, per car (this allows for all day in and out privileges). Day attendees may purchase discounted parking vouchers at the Oak Street Cafe (inside the hotel).

TRAVEL INFORMATION

Burlington International Airport is serviced by Continental Express, Delta Connection, JetBlue, Northwest Airlink, United and US Airways. A free airport shuttle is available that will take you directly to the Wyndham Burlington. Please note that advance reservations are required for departure from the hotel to the airport at the end of the conference. Taxis from the airport are approximately $12USD. For additional travel information, please visit the conference website at www.dhmc.org/goto/pneg.

WEATHER AND ATTIRE

Burlington’s climate is moderate for New England thanks to the moderately effects of Lake Champlain. Average temperatures in October range from 45 - 60 degrees Fahrenheit. Please check the weather before you travel so you may pack appropriately. Note also that conference room temperatures are hard to regulate to everyone’s appeal, so please plan on bringing a light sweater or jacket to the meetings.

NAME BADGES AND TICKETS

All participants and will be issued a name badge upon registration. The badge is your official pass and must be worn to obtain entry to all pre-conference workshops, general and concurrent sessions, and associated activities. In addition, tickets will be issued for the Lake Champlain Dinner Cruise on Saturday night.

ROUND TABLE DISCUSSIONS

Roundtable discussions will be held from 12:00 - 1:30 p.m. on October 28th. An experienced person in academic teaching, staff development, continuing education or entrepreneurship will be available to facilitate a discussion. Bring your business cards, stories of success and lessons learned to share with your colleagues. Sign up for a discussion group at the registration check-in table at the beginning of the conference.

CANCELLATION AND REFUND POLICY

Registrants who are not able to attend or send a substitute can obtain a refund of registration fees, minus a $60 processing fee. A written request must be received by October 11, 2006. REFUNDS WILL NOT BE ISSUED AFTER THIS DATE - NO EXCEPTIONS.

MORE INFORMATION/SPECIAL NEEDS/PARTICIPANT LIST

For more information or if you have a special need, please call Sarah L. Castle at 603-653-1512. To have your name NOT included on the participant list, please call Judy Langhans at 603-653-1526.

SPECIAL CONFERENCE ACTIVITIES

LAKE CHAMPLAIN DINNER CRUISE

The Spirit of Ethan Allen III is Lake Champlain’s only 500-passenger cruise ship and dining yacht. The cruise departs at 5:30 p.m. across from the Wyndham Burlington. Dinner, entertainment and a cash bar will be provided. The cost for the cruise is $75 per person and advance registration is required (see Section 4 on the registration form). www.soea.com

SUNRISE YOGA

Join a local instructor for an invigorating, pre-breakfast yoga session at the Wyndham Burlington (location and exact time TBA). There will be a session on the mornings of Friday, October 27th and Saturday, October 28th. There is no additional cost for this event, but advance registration is required (see Section 4 on the registration form).

WALKING TOUR OF BURLINGTON

On the evening of Thursday, October 26th, there will be a guided walking tour of downtown Burlington (weather permitting). This tour will highlight the many area attractions located within a short walking distance from the hotel, including the always popular Church Street with its many shops and restaurants. There is no additional cost for this event, but registration is required (see Section 4 on the registration form).

**Guests are welcome at all the above events and will need to register in advance (see Section 5 on the registration form).**
